Lands-Updated Data Request Related to Review of National Monuments.docx

Whitney,

I'm finishing up everything for this request and should have a packet to you next week. On the RS-2477 portion of the request, Lands doesn't map these claims. It's my understanding that only claims filed in court are official. I'm not sure who creates/holds the data and what the rules are regarding its release. I made a some inquiries and will report on anything I discover. However, I think this portion of the response will likely need to come from the Solicitors office for each the states in this inquiry.

Hi, I was thinking for wilderness they would contact Roger Semler, Chief of Wilderness (not sure we have that info) and for RS-2477, not really sure who would have that info?  
Any ideas?

Thanks,

Bill

Hi Bill,

Had a meeting with the DOI Office of Policy Analysis yesterday and they've added some items

to the monuments information request. There are two items on the expanded list that will require some help from your team:

- Designated wilderness areas (name, acreage), wilderness study areas (name if there is one, acreage, type), and/or areas managed to preserve wilderness or roadless characteristics but not formal study area (if any)
- Outstanding RS 2477 claims within a monument – type of road claimed and history (if any)

I'm attaching the updated request-- the goal remains to have all information compiled by 6/2. Thanks again for all of the help with this!

I'll be around next week and we can chat more. Hope you have a good weekend!

Thanks,  
Whitney
